

Getting Online

You will need to join the wireless network at school by the following steps.

a. Go to Settings, click on wifi, click on the WCSD option.

b. Enter the Student proxy

Username =student\firstname.lastname

Password=student ID (also lunch number)

c. Accept the Verification, a check mark will appear beside WCSD and a wireless signal will appear.

d. To get online at home you will need to join your wireless connection and then you will be prompted to enter your student proxy information.
