

How to set up school Gmail on the iPad

1. Go to Settings.
2. Scroll down and select Mail, Contacts, Calendars.
3. Select Gmail
4. Enter your name
5. Enter your school email address:
firstname.lastname@student.walton.k12.ga.us
6. For the password, enter your student ID number.

If you get an error message trying to set up your Gmail on your iPad, this means you may not have used your school email in the past. To set up the Gmail, you need to go through Safari and go to gmail.walton.k12.ga.us. Choose Student for the domain, firstname.lastname@student.walton.k12.ga.us for the username and your student ID number for the password. Once you have gone through the set up process, try the steps above again.
